## *Board's proposal to the Representative Council*

In accordance with the Student Union's Administrative Regulation, the Representative Council must decide on the Student Union's membership fee for the upcoming academic year in connection with the budget. The Rector of the University must later confirm this membership fee.

The membership fee to be paid for the academic year 2023–2024 is, for autumn 2023, proposed to be €28.00 for basic degree students and €27.50 for postgraduate students. For spring 2024, the membership fee is proposed to be €24.00 for basic degree students and €23.50 for postgraduate students.

With reference to the budget, the Board proposes to the Representative Council that the Student Union's membership fee for the academic year 2023–2024 be 52.00 euros for members pursuing a basic degree and 51.00 euros for members of the Student Union who are pursuing a postgraduate degree and are not basic degree students at the same time.
