EQUALITY PLAN 2024-202b

ABOUT THE FOUALITY PLAN

'Equality means that all human beings are equal regardless of their gender, age, ethnic or national origin, nationality, language, religion and belief, opinion, disability, health, sexual orientation or other personal characteristics.'

The Student Union of the University of Helsinki works towards being a diverse, intersectionally feminist community. The Student Union works to identify and eradicate discrimination that occurs in its operations and structures. Everyone must be able to feel safe in the Student Union's activities and experience equal treatment. No-one's integrity should be violated, and even though everyone has the right to express their opinion, speech that violates the equality of other people is not tolerated. In conflicts, the Student Union respects the presumption of innocence, recognising it as an essential component of a safer environment, whilst also providing appropriate support to all involved parties.

Discrimination, harassment, racism and unequal treatment must not occur in the Student Union or the organisations operating under it. Different forms of discrimination include discrimination related to disabilities or health status, or ableism; age discrimination, or ageism; discrimination related to gender, or sexism; discrimination related to ethnicity or background, or racism; linguistic discrimination; discrimination related to social class; discrimination related to religion, ideology or opinion; and discrimination related to sexual orientation, gender identity or relationship status.

Everyone has the right to their privacy in the Student Union. Everyone can choose what they wish to tell or not tell others about their personal matters, including gender, sexual orientation, background, income level, health status or any other matter covered by privacy protection.

The Equality Plan for 2024–2026 is a document guiding the operations of the Student Union. The plan describes how the Student Union, its Board and its employees promote equality in both the Student Union and the organisations operating under it. The purpose and operating methods of organisations operating under HYY must not conflict with the Student Union's objectives or Equality Plan.² The Student Union is also supported in its equality work by its committees, while HYY ensures and supports the realisation of equality in the committees. The

² Rules for organisations operating under HYY, approved by the Financial Committee on 28 February 2023.

ENG_Equality Plan 2024-2026 Approved by the Representative Council.docx

Equality Plan does not describe how the Student Union influences the realisation of equality at the University of Helsinki or in society. The Student Union's Policy Paper defines HYY's advocacy goals related to equality.

The Equality Plan was updated during spring 2023. Members of the Student Union, HYY's committees and organisations operating under HYY were all given the opportunity to comment on the previous plan, and the Representative Council held a preliminary discussion on the plan's update process in its February meeting. The open comment round lasted through February. Five members and two organisations submitted their comments, which focused especially on discussing racism more openly, the inclusion of students who belong to gender or sexual minorities, equality between campuses and increasing communication about HYY's equality work.

The first proposal for the new Equality Plan was drafted in March. The Central Office was given an opportunity to comment on the draft, after which the Board discussed the new version. A comment round for the Representative Council was organised in April, and the Board then reviewed the final version once more. The Representative Council approved the new plan in May.

This plan consists of 5 sections and 34 objectives. The sections are divided by theme. Listed in the sections are objectives, measures, the parties responsible for the implementation of each entry and indicators to help monitor the realisation of each objective. The objectives portray an ideal state of affairs that the Student Union strives towards, whereas the measures are concrete steps to be taken in 2024–2026: HYY conducts its work according to the measures in order to reach the objectives in the long run. Most of the objectives include two measures. The first section mainly concerns HYY's internal structures and guidelines, whereas the other sections deal with HYY's events, communication, language policy and organisations operating under HYY.

The implementation of the Equality Plan is assessed with a report made annually, and the objectives are assessed on a scale of achieved (all featured measures achieved) – partly achieved (at least half of the measures achieved) – not achieved (less than half of the measures achieved). The main responsibility for the assessment lies with the member of the Board and specialist who are in charge of equality. The plan will be updated in 2026 to meet the needs and goals of the time.

EVENTS

63 64

No.	Objective	Measure	Responsibility	Indicator
11	The Student Union's events are accessible.	The required level of accessibility is defined for each of HYY's recurring events. Different aspects of accessibility are considered, including but not limited to price, premises, location and sensory issues.	Events sector	Required level of accessibility has been defined for HYY's events (yes/no), different aspects of accessibility have been considered (yes/no), HYY's events have achieved the required level of accessibility defined for them (yes/no)
12	HYY decreases period poverty at its events.	Menstrual products are available at HYY's events.	Events sector	Menstrual products have been available (yes/no)
13	The accessibility information for events can be found easily.	Comprehensive and up-to-date information on the accessibility of events is provided in event details and communication.	Events sector	Accessibility information has been provided in event details (yes/no), communication on the accessibility information has

				been done
14	HYY's events are accessible to students from different campuses.	The Student Union organises activities, such as events and meetings, on all four campuses. Feedback is collected to increase HYY's visibility on all campuses.	Main sector, events sector	(yes/no) Activities have been organised on all campuses (yes/no), feedback has been collected (yes/no)
15	HYY ensures that the quality of catering at its events is the same regardless of diet or drink preferences.	Participants are asked for their diet and drink preferences in ad- vance. Feedback is col- lected on the catering.	Events sector	Dietary infor- mation has been inquired in ad- vance (yes/no), feedback has been collected (yes/no)
16	Event safety persons at HYY's events know how to operate in difficult situations and promote safety.	HYY provides its event safety persons with training on equality and possibly first aid. HYY collects feedback to assess the safety of events and to improve the accessibility of the event safety persons.	Events sector	Event safety persons have received training (yes/no), feedback has been collected (yes/no)
17	Finnish, Swedish and English songs are sung at HYY's events. They do not contain offensive lyrics.	HYY selects diverse songs to be sung at its events. The songs are discussed beforehand to prevent the use of discriminatory language. Feedback is collected on the songs. Song practices are developed based on received feedback.	Events sector	Songs in different languages have been used at HYY's events (yes/no), songs have been discussed in advance (yes/no), discriminatory songs have not been sung (have been sung /have not been sung) feedback has been collected (yes/no), song practices have

		been developed
		based on re-
		ceived feedback
		(yes/no)

LANGUAGE POLICY AND INTERNATIONAL STUDENTS

No.	Objective	Measure	Responsibility	Indicator
18	The Student Union communicates and serves its members trilingually.	HYY has English and Swedish translators. HYY's recruitments aim at a situation in which there are people working at the Central Office who speak fluent Swedish and English. If the language proficiency of employees is not at the required level, investments are made in language training and other supportive measures.	Main sector	Translators for Swedish and English (yes/no), member and or- ganisational ser- vices are availa- ble trilingually (yes/no)
19	International and Swedish-speaking students see the Student Union's organisational field and operating in organisations as an attractive option and as an opportunity for everyone to participate regardless of their language.	The Student Union encourages organisations to operate multilingually. HYY's Guide for Organisations includes instructions on how to take international students and language matters into consideration in organisational activities and, for instance, a trilingual glossary. The Student Union offers training on and communicates about internationality	International sector	Guide for Organisations includes information on internationality and language affairs (yes/no), training on internationality has been offered (yes/no)
